THE EASYMOULD™ SYSTEM †

Using the EasyMould™ System any Rhino case can be easily and quickly customised to hold its contents safely and securely.

With EasyMould™ it's easy to create custom cases for just about anything! Simply pull the foam blocks out to create the shape you want.

Authorised Stocking Rhino Dealer

OPTIONAL CUSTOMIZED FOAM

Alternative Foams for Quantity Purchases

Using our CNC router we can custom cut specialised foams to fit your equipment. Two types of foam are available, Anti-shock Polyethylene or Flame Retardant

Anti Static foam (FRAS)

meets FAA, FRA25, MVSS, ASTM, UL94 and ASTM Standards.
